SPITTOON – 304 GRADE STAINLESS STEEL

Specially developed by cup tasters, our spittoon combines function with design esthetics for a new generation of professionalism. Ideal for coffee, but also tea and wine testing, its elegant look gives you the exclusivity you deserve.

Made of Type 304 Brushed Stainless Steel, we guarantee food safety that complies with international standards. This type of steel has the ability to withstand the corrosive action of the various acids particularly found in such industry specific liquids.

The easily detachable top and bottom parts enable a simple cleaning process.

NEXU INTERNATIONAL

Two-tiered lacquered wood top fixed on a 50 cm rotator plate for durability and smooth spinning. Marble base.

DIAMETER 1000 mm

HEIGHT 1100 mm
